

**IN THE SPECIFICATION**

Please replace the paragraph at page 1, line 3 with the following amended paragraph:

--This application is a continuation-in-part of U.S. Patent Application Serial Number 10/119,111, filed April 10, 2002, now U.S. Patent No. 6,668,383, which claims the benefit of U.S. Provisional Patent Application Serial No. 60/294,633, filed June 1, 2001.--

Please replace the paragraph at page 3, line 16 with the following amended paragraph:

--The present invention is depicted in the attached figures. Figures 1 and 2 show the front and rear views of an outfit 10 having a jacket 12 attached to a pair of waders 14. The jacket 12 may be made of Gore-Tex® (a water-repellant, breathable laminated fabric) or canvas material, has a turtle neck collar, which may be fastened with Velcro® (hook and loop fasteners) or zippers that zip to the collar.--

Please replace the paragraph at page 4, line 11 with the following amended paragraph:

--The waders 14 are waterproof and made of a material such as Cordura® (a durable fabric resistant to punctures, cuts, tears and scuffs), neoprene, vinyl, or rubber. The waders 14 may include buckle-release suspenders (not shown), knee pads 24 for reinforcement and attached boots 26. The jacket 12 may include a holder for bullets (not shown). The boots 26 are preferably lined with Thinsulate® (a hypoallergenic low-loft synthetic fabric used in place of down for insulation).--
